FRAME

FRAME DETAILS

Frame type L

Frame type F

FRAME ASSEMBLY INSTRUCTION

Aluminium frame type L is a decorative element, and type F apart of the decorative function is also as a masking element which can cover the space between the floor and the duct of the trench heater.

The frame F is supplied as a cut off elements for self-assembly. Assembly of the frame type F must be done by using a silicone glue. The manufacturer is not liable for problems associated with frame assembling for trench casing deformation caused by the improper installation of the heater.
